

We are expanding our FORLIFE product range with the **ENTERACUR®** product group.

Part of this portfolio expansion are two variants of **ENTERACUR® Skin X®** protection rings. Designed to support sensitive skin, ENTERACUR® Skin X® protection rings can conveniently be attached around probes, catheters or buttons.

### Skin X® Hydrocolloid Protection Ring

Proven hydrocolloid skin protection

SXH5003

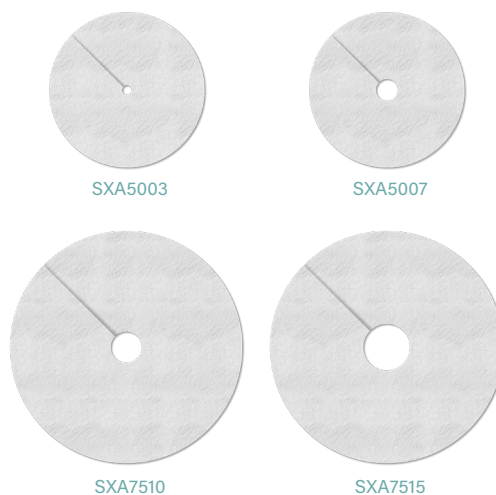

SXH5007

SXH7510
